MATT EATON AWARDED CCIM DESIGNATION

Metairie, LA (11/10/15) – Matthew Eaton, CCIM, Senior Sales Associate, RE/MAX Commercial Brokers, Inc., New Orleans, LA, has been awarded the Certified Commercial Investment Member (CCIM) designation by the CCIM Institute. The designation was awarded during the Institute’s Annual Governance meetings October 29 in Austin, Texas.

Matthew Eaton, CCIM, was among the 244 commercial real estate professionals who earned the designation by passing the CCIM Institute’s Comprehensive Examination, the final element in the designation process. This new group of CCIM designees hails from 43 U.S. states, as well as Canada.

“To be recognized as an expert in commercial real estate and setting yourself apart from the rest of the industry is truly an honor. This designation shows the client that you are a professional with the highest ethics and knowledge in the commercial real estate realm,” stated Eaton.

Eaton is the fourth broker to earn the CCIM designation at RE/MAX Commercial Brokers, Inc. Richard Juge, CCIM, Martin Miller III, CCIM and Jonathan Shaver, CCIM earned their designations in previous years. The CCIM designation is awarded to commercial real estate professionals upon successful completion of an advanced analytical curriculum and presentation of a portfolio of qualifying industry experience. The curriculum addresses financial analysis, market analysis, user decision analysis, and investment analysis — the cornerstones of commercial investment real estate. CCIMs are recognized experts in commercial real estate brokerage, leasing, asset management, valuation, and investment analysis.

About the CCIM Institute

Since 1969, the Chicago-based CCIM Institute has conferred the Certified Commercial Investment Member (CCIM) designation to commercial real estate and allied professionals through an extensive curriculum of 160 classroom hours and professional experiential requirements. The CCIM curriculum was redesigned in 2010 to reflect changing student demographics and real estate brokerage services, growth in international markets, new technologies, and new delivery models. The core curriculum addresses financial analysis, market analysis, user decision analysis, investment analysis, and negotiation—the cornerstones of commercial investment real estate.

An affiliate of the National Association of Realtors®, the CCIM Institute also offers the powerful technology tool STDB, an online site analysis and demographics resource, and the Ward Center for Real Estate Studies, which provides timely education and training to keep commercial real estate practitioners current in an ever-changing market environment.

Currently, there are nearly 10,000 CCIMs in 1,000 U.S. markets and 31 additional countries, with another 3,000+ practitioners pursuing the designation, making the institute the governing body of one of the largest commercial real estate networks in the world.
